FIFTH DEBATE BETWEEN GOVERNOR BAKER AND SENATOR HENDRICKS.
Special Despatch to the Chicago Tribune.
WAYNESBURG CITY, Ind., Sept. 18.

The fifth debate between Governor Baker and Senator Hendricks came off here to-day before an audience of six thousand persons, and while the meeting was nearly equal politically, yet only a few Democrats were present. The Republicans in force were out. The Democrats have been playing off for the last week or two, and to-day they were all here. Governor Baker has been in good health and spirits since the Wednesday debate, and it is known that Democratic leaders have been trying to get him to take some stimulating drink before coming on the stand, but he has refused. Senator Baker has not improved at all since the first debate, and is very much worse than he was at Terre Haute. Governor Baker opened the meeting, and asked Senator Hendricks to tell why it was that if Jefferson was the author of the policy of Democratic party, Democratic party did not support Lincoln as well as Douglas in Lincoln's election? Why it was that it always does, and never fails to support the candidate which in his opinion, if elected, will be the best for the country? Why it was that Democrats will not support Seymour and Blair, who, in their opinion, are right on the issues of the day, and will be elected? Why it was that Democrats will not support Seymour and Blair but are spending and taking money to defeat them? Why it was that if Jefferson was the author of the policy of the Democratic party, Democrats will not support Seymour and Blair, who are the regular nominees of the party, and who are in favor of the principles of Jefferson? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected, but will support Chase, who is not in favor of Democratic principles, and who will not be elected? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected, but will support Chase, who is not in favor of Democratic principles, and who will not be elected, but will support Grant, who is not in favor of Democratic principles, and who will be elected? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected, but will support Chase, who is not in favor of Democratic principles, and who will not be elected, but will support Grant, who is not in favor of Democratic principles, and who will be elected, but will support Colfax, who is not in favor of Democratic principles, and who will be elected? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected, but will support Chase, who is not in favor of Democratic principles, and who will not be elected, but will support Grant, who is not in favor of Democratic principles, and who will be elected, but will support Colfax, who is not in favor of Democratic principles, and who will be elected, but will support Wilson, who is not in favor of Democratic principles, and who will be elected? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected, but will support Chase, who is not in favor of Democratic principles, and who will not be elected, but will support Grant, who is not in favor of Democratic principles, and who will be elected, but will support Colfax, who is not in favor of Democratic principles, and who will be elected, but will support Wilson, who is not in favor of Democratic principles, and who will be elected, but will support Hendricks, who is not in favor of Democratic principles, and who will not be elected? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected, but will support Chase, who is not in favor of Democratic principles, and who will not be elected, but will support Grant, who is not in favor of Democratic principles, and who will be elected, but will support Colfax, who is not in favor of Democratic principles, and who will be elected, but will support Wilson, who is not in favor of Democratic principles, and who will be elected, but will support Hendricks, who is not in favor of Democratic principles, and who will not be elected, but will support Baker, who is not in favor of Democratic principles, and who will not be elected? Why it was that Democrats will not support Seymour and Blair, who are in favor of Democratic principles, and who will be elected, but will support Chase, who is not in favor of Democratic principles, and who will not be elected, but will support Grant, who is not in favor of Democratic principles, and who will be elected, but will support Colfax, who is not in favor of Democratic principles, and who will be elected, but will support Wilson, who is not in favor of Democratic principles, and who will be elected, but will support Hendricks, who is not in favor of Democratic principles, and who will not be elected, but will support Baker, who is not in favor of Democratic principles, and who will not be elected, but will support Hendricks, who is not in favor of Democratic principles, and who will not be elected? Announcements and General Orders.

A large and very respectable meeting was held last night in Library Hall, called by the Irish Republican Grant and Colfax Club, to attend to all who desired it an opportunity of hearing their representative, Hon. Henry O'Connor, of Iowa, one of the most eloquent speakers of the West. The reputation of the speakers is well known, and in this city, where he has been heard at the time of the Soldiers' and Sailors' Convention, and on other occasions, and when the hour for the opening of the meeting had arrived the hall was filled to overflowing with an eager audience. The assembly was called to order by Alderman Arthur Dixon, President of the Club, who introduced as the Chairman of the meeting Hon. Henry O'Connor, of Iowa, who spoke as follows:

GENTLEMEN OF THE CLUB, AND FELLOW-CITIZENS—He said that he should address them as his fellow-citizens, for he was a citizen of Illinois by adoption, as some of them knew. After speaking for an hour and a half in the open air, he was hoarse, and he would only say a few words. He was glad to see that this was the most important political meeting that had been held in Chicago since the first Lincoln meeting. It was said at every all election. At the last election it was said that it was the most important election that ever occurred in this country, and prior to that election it was said that it was the most important election that ever occurred in this country. He had been present at every election since the first Lincoln meeting, and every time they went to the ballot-box they were told that the election they were about to participate in was the most important election that ever occurred in this country. They were told that the election was the right of the State. But the election of 1864 should be paid, as all also should be paid the election of 1865, when many of them were with him in the field of battle, and when they were told that the election was the right of the State. But the election of 1868
